

Dear Commisssioners:

I am a consumer of services from XM Satellite Radio. I do not believe that it is appropriate for the Commisssion to limit the products I am able to purchase through this new and excellent medium. I am opposed to the position of the National Association of Broadcasters (NAB) that would put restricts on the services I buy. Further, I do not see what arguement could be mounted in favor of the propose restricts other than NAB's desire to protect market share.

Sincerely,

John A. Boardman
